Dear stakeholders

AFFORDABLE LEARNING AT ELANGENI FET COLLEGE

The Department of higher education and Training has made extra funds available to assist academically performing learners who are in need of financial assistance.

Who qualifies for a full fee exemption?

- New NCV L2 and NATED learners whose family income is less than R125 000 [one hundred and twenty five thousand rands] per year and who display academic potential.
- NCV L3 and L4 and NATED learners who passed their previous level and were promoted to the next level whose family income is less than R125 000 per year.
 - The above learners must apply with full supporting documentation as per the attached checklist
 - Learners repeating levels do not qualify to apply for the bursary.
 - Please note that all documents will be verified and if a learner has produced incorrect information, the bursary will be withdrawn and the student is liable for the full fees

Qualifying learners who have already registered and paid deposits and registration fees will receive refunds commencing in March 2011 after the document verification process has been completed. These learners have until Monday, 24 January to bring all the supporting documents to the campus.

Learners who do not satisfy the family income threshold may still apply for the bursary and may receive an award on a sliding scale as determined by the DHETFAS means test

The DHETFAS bursary is for one year only and applies to 2011 only. In the event of a bursary being available in 2012, poor academic performance will result in the loss of the bursary in 2012.

All learners will be expected to sign a financial agreement with the college on registration. Upon verification of documents, qualifying learners will have this agreement adjusted or withdrawn.
